

Shaping the Future of Digital creators

Master Animation | VFX | Gaming – From the Comfort of Your Home

About Us

Welcome to DelitsMotionPicture, a next-gen online learning platform that is revolutionizing creative education in Animation, VFX, and Gaming.

...
Our mission? To turn your creativity into a high-income skill!

With a 100% online curriculum, expert mentorship, and direct connections to leading news channels, film studios, and game development companies, we ensure that our students don't just learn—but thrive in the fast-growing AVGC (Animation, Visual Effects, Gaming & Comics) industry.

...
Our Strengths:

Industry-Backed Learning – Get trained by industry professionals with real-world experience.

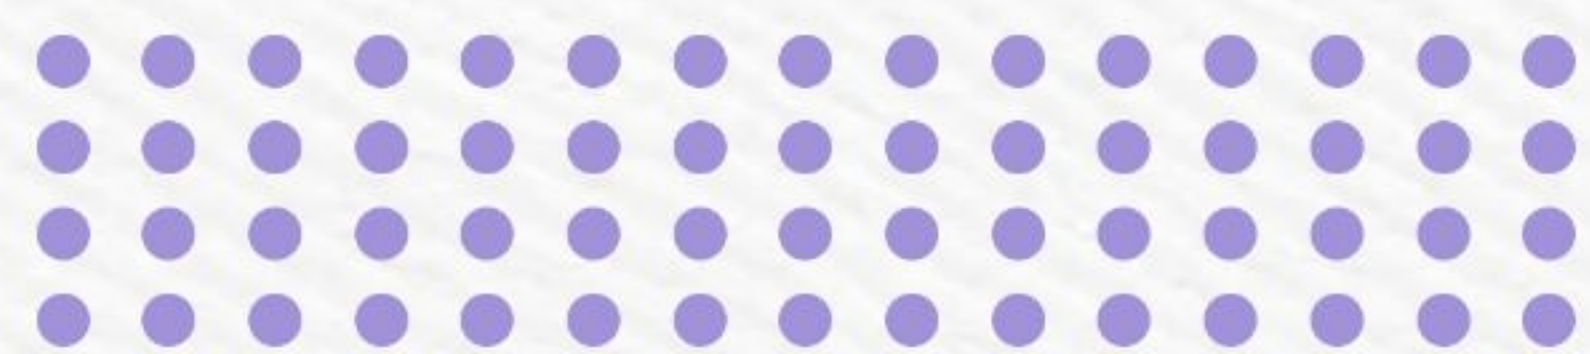

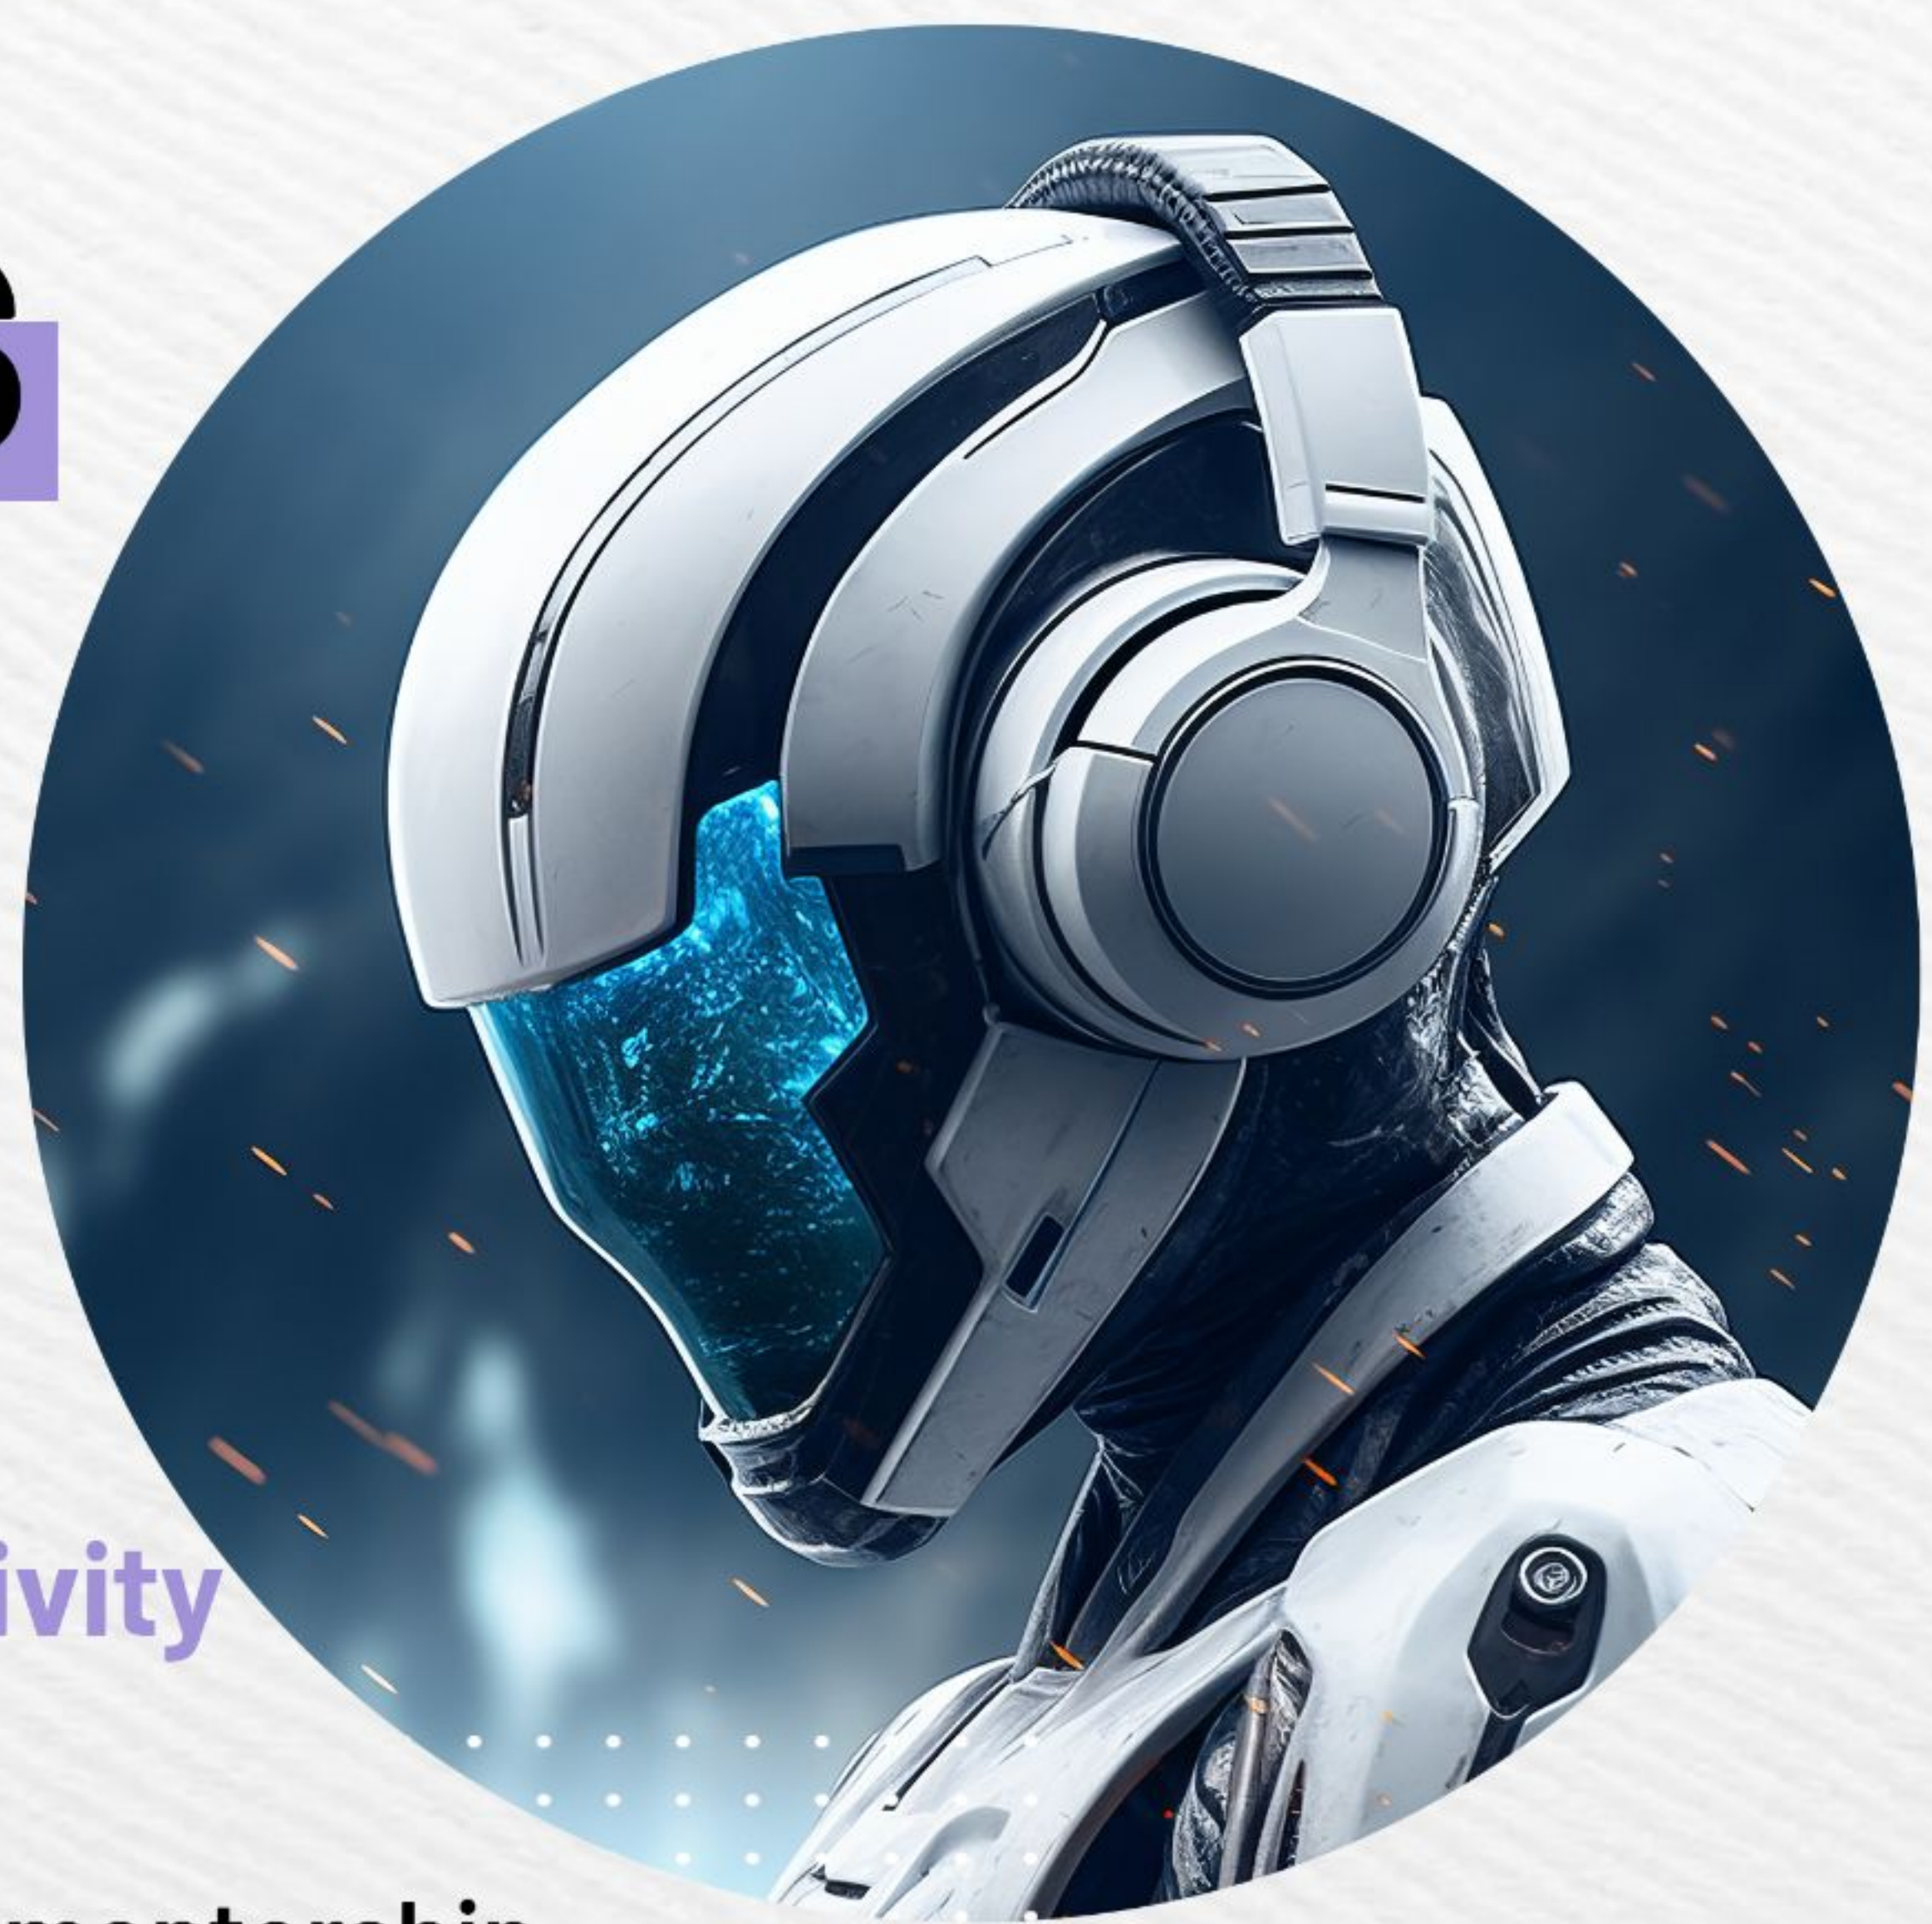

Strong Placement Network – Leverage our exclusive tie-ups with top TV channels and digital studios for job placements.

Live Interactive Classes – Learn anytime, anywhere, with hands-on projects, assignments, and expert feedback.

Career-Oriented Courses – Focus on real-world skills that employers actively seek.

Project-Based Learning – Work on live industry projects and build a powerful portfolio.

Our goal? To make you job-ready from Day 1!

As the industry expands, so do the countless career opportunities it offers. At DelitsMotionPicture, we empower students to leverage this growth and build a thriving career in the world of animation, VFX, and gaming. Our extensive recruiter network and industry partnerships ensure that our students land exciting job roles, helping them unlock their full creative potential and turn their passion into a successful profession.

Right Platform To Showcase Talent

The Future is Bright

— AVGC Industry & Government Support

The AVGC (Animation, Visual Effects, Gaming & Comics) industry is booming!

- The Indian gaming industry is expected to reach \$8.6 billion by 2027.
- The VFX industry has seen a 70% surge in demand post-pandemic, fueled by OTT platforms like Netflix, Amazon Prime & Disney+.
- The Indian government is actively promoting the AVGC sector through policy support, tax benefits, and funding to create more job opportunities in animation and gaming.
